KITCHEN SINKS AND MORE

SHOWROOM PRICE GUIDE - FEBRUARY 2018

Kindred

Your home and everything in it is a reflection of you. From the comforts that are important to you and your family, to design preferences and layouts, and even the fixtures and fittings in the kitchen, all elements echo the unique aspects of your life. The kitchen is the center of the home, the heart. That's why we make Kindred sinks and accessories so easy on their owners.

Easy to choose
Easy to install
Easy to clean
Easy to love

Choose from Kindred's offering of stainless steel and color products, for topmount, dual mount or undermount installation, and complement your choice with some of our chore busting accessories. Durable, functional products, designed for living, in a variety of sizes, shapes and price points.

Every product is thoughtfully considered down to the smallest detail, to ensure that your selection is both practical and beautiful. And we stand behind our products with industry certifications, and solid product warranties.

We appreciate your interest in our products and invite you to explore the many Kindred options for the heart of your home. Thank you!

KITCHEN SINKS AND MORE 

KINDRED STYLE.

Function, finish and fittings ...

A SINK SERVES ONE KEY FUNCTION ... TO WASH UP. PLAIN AND SIMPLE.

However, with consideration for bowl configuration, material, finish and a few key accessories, the kitchen sink can be anything but mundane – it can be key to simplifying tasks in the kitchen.

Consider how you use your sink. Do you wash and stack, or simply rinse before loading the dishwasher? How about food prep? You may want one large bowl for cleanup of serving trays and roasters, with a second separate sink for a prep station or hospitality area. We have sinks for all of these and more!

The décor of your home and choice of appliances and cabinetry hardware finishes may also influence your selection of a particular finish in a sink. Commercial satin is a lovely complement to commercial look appliances, whereas granite composite products with matching faucets are a nice alternative to stainless.

A sink is just a sink ... until you add chore busting accessories! Chopping boards for slicing and serving, colanders for rinsing, and racks for draining are just some of the many sink accessories we offer to add function to your sink, and simplify your life. Add a dual spray kitchen faucet and matching soap dispenser, and your sink is transformed to a hub of kitchen efficiency!

K I N D R E D C O L L E C T I O N

Kindred Collection includes three families of product:

Designer Series

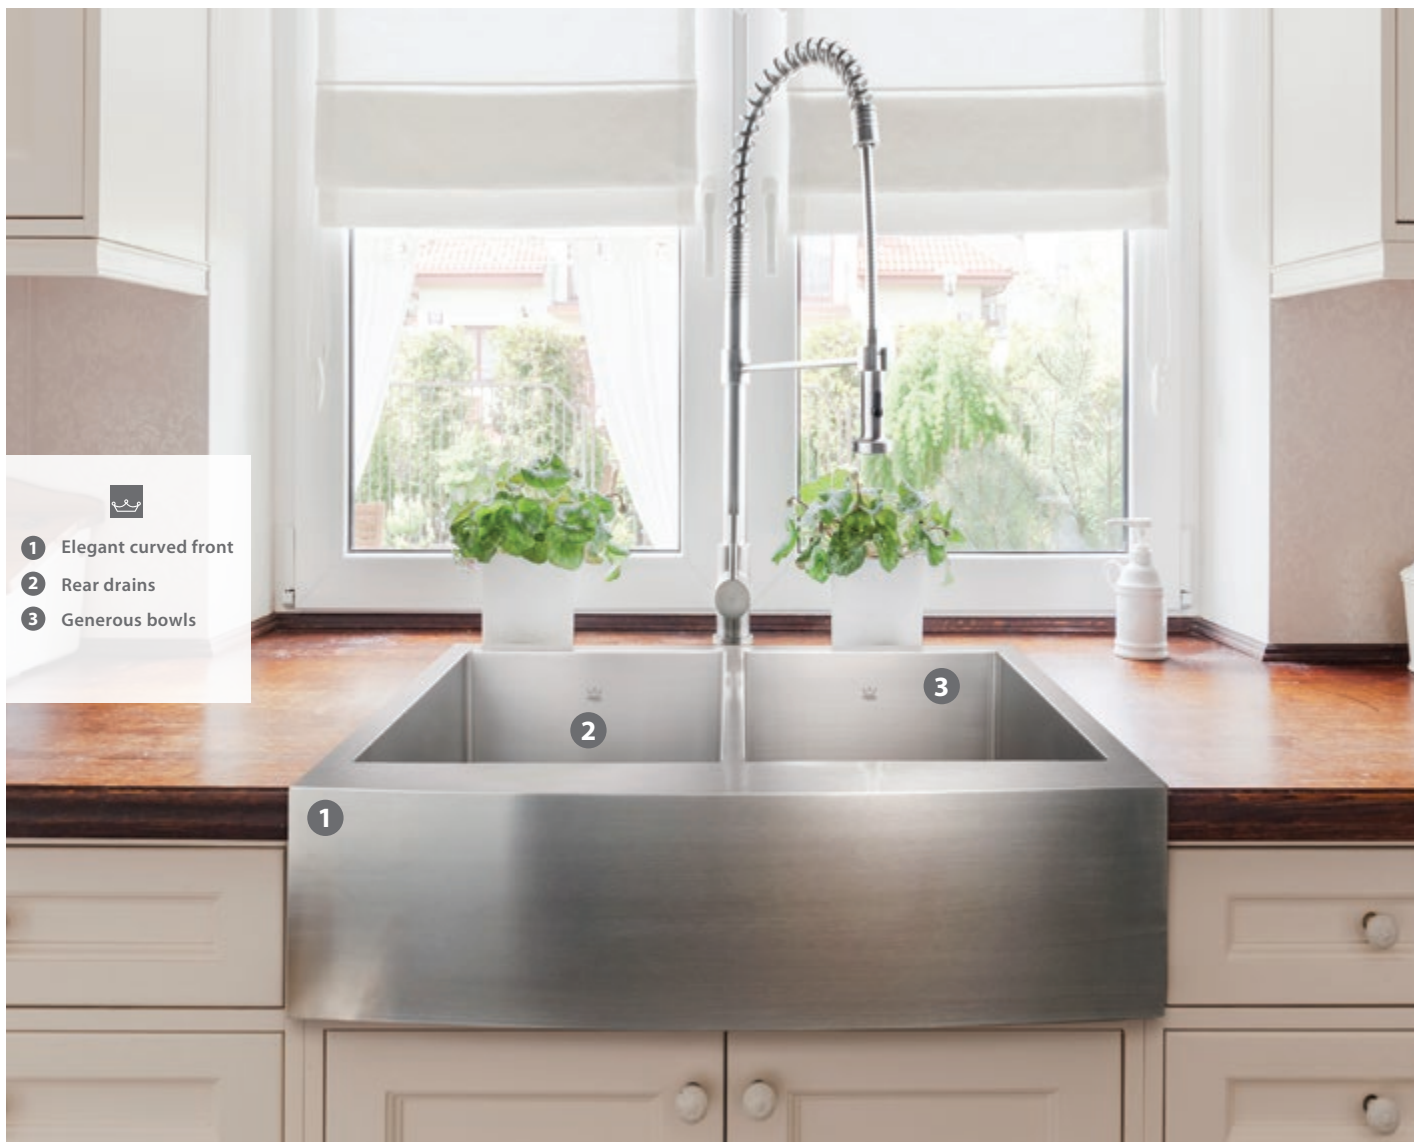

Hand crafted kitchen sinks in heavy 18 ga stainless steel, with sleek, but easy to clean 10 mm corners, and a commercial satin finish. Look for Apron Front sinks, Topmount sinks with integrated accessory rails, and Undermount models in a variety of sizes and bowl combinations to suit most every space. These models are **big, deep, quiet, beautiful and robust**. And many of the models include accessories!

Undermount

Kindred Collection 18 gauge undermount sinks feature big, generous dimensions, and distinctive creased bottom bowls, in an **array of sizes for kitchen, bar, island and vanity**.

Sanitized® Granite

Kindred Granite is simply gorgeous ... and tough! Available in **five fabulous sublime colors**, Kindred Granite topmount and undermount models are shipped complete with stainless steel bottom grids, and are a particularly striking choice when combined with a color-matched Kindred faucet.

Sink model KFD36B/9-10BG shown with faucet model KF10B.

Designer Series Apron Front Sinks

HAND CRAFTED BEAUTY FOR YOUR HOME

When traditional styling calls out to you, but modern materials meet your lifestyle, consider a stainless steel Apron Front sink for old world charm and convenience for upkeep. Beautiful, big bowls will hold the biggest pots and platters in your pantry, and the curved expanse of the stainless steel apron will stand out as a showpiece in your kitchen. Kindred Designer Series apron front sinks may be installed flush to the countertop, undermount in a solid surface material, or for a truly unique profile, raised slightly above the countertop surface. Spectacular!

Cleverly designed with rear drains for more storage below, and with a sink bowl that is closer to the front of the apron for comfort, Kindred Designer Series apron front sinks feature a hardy commercial satin finish inside and out and easy to clean **10 mm bowl corners**. And we also include waste fittings and a bottom grid with every model for a sink that can handle whatever your busy home can dish out!

Designer Series Undermount Sinks

A CLEAN SWEEP IN STREAMLINED BEAUTY

The chameleon of sinks, an undermount model works with most any decor, and is a natural choice when your countertop selection is a solid surface material. Kindred Designer Series undermount sinks are hand fabricated from heavy 18 ga stainless, with a robust commercial satin finish. And with sound dampening and undercoating on the underside, these big beauties are quiet even when full!

Choose from sizes and models for a wide range of standard cabinet sizes, and be delighted to discover that your sink not only **includes waste fittings**, but also a **stainless steel bottom grid** to help out with food prep or air drying dishes.

Robust materials, easy to clean, complete with accessories - what's not to love?!

Designer Series Accessory Rail Sinks

INNOVATIVE DESIGN

At Kindred we never stop experimenting with the latest materials and technology and exploring innovative ideas and designs to bring the world's best sink selection to you.

Our Designer Series Accessory Rail kitchen sinks are fabricated from heavy 18 gauge stainless steel with generous 9 inch deep bowls, boast a sleek rim and profile with 10 mm radius corners, and an integrated accessory rail. These models do double duty and save space, by allowing placement of drainer baskets, colanders and cutting boards right on the sink for food prep and clean up. All Designer Series Accessory Rail models are shipped **complete with a stainless steel bottom grid, glass board/color mat, and stainless steel colander.**

As with all Designer Series models, we have finished our topmount and undermount sinks with a commercial #4 satin finish, a perfect complement to commercial look appliances, and easy to repair should you scratch it.

KINDRED COLLECTION

Why Kindred?

Kindred Collection undermount stainless steel sinks offer affordable luxury in a variety of sizes and configurations, for most any kitchen or powder room. Single bowl, double, triple and combos for kitchen. And for the powder room, stainless steel round, ovals and even rectangular bowls for a truly striking oasis.

Designed to be installed by a professional into a solid surface countertop, Kindred Collection undermount sinks are manufactured from heavy 18 gauge stainless steel, and finished in lustrous radiant sink on the rim and in the bowls. In using 18 gauge stainless, we can manufacture a very deep sink, with tight radius corners - allowing you a sleek profile in a sink with super capacity for those big clean up jobs! An 18 gauge sink also means a quiet sink when in use. And after all, who doesn't appreciate the strong, silent type?!

What is a radiant silk finish? We're glad you asked! Our proprietary radiant silk finish actually starts off bright and shiny, and is then processed with unique buffing methods to produce a hard wearing lustre that is still bright, but easy to repair should you happen to scratch it.

So Kindred Collection undermount products are heavy, and beautifully finished. **But what else makes them so special?** We like to include waste fittings with our products, so you don't have to purchase them separately, and the same applies to cutout templates! And we have a preference to place our drains towards the back of the sink bowl, giving you more room below for storage - simple idea, but very useful! **We're not done yet** ... before we pack our sinks we apply sound deadening pads, and also undercoating, which acts to reduce condensation on the underside of the sink, and also enhances the sound insulation.

The thought we take, and the features we build into our Kindred Collection sinks are all with you in mind, to ensure that your sink is ...

Easy to choose Easy to use Easy to love

Sink model KSS7UA/9D with BGA3117S bottom grid.

Kindred Undermount Series

VALUE IS GOOD...

Take a look at Kindred Collection Undermount Series and see if you don't agree ...

- 9" deep bowls are deep enough to contain any water splashing
- Silk finish sink bowls and sink deck are warm in appearance and easy to maintain
- Heavy 18 gauge and high Nickel 18/10 stainless steel ... make for a superior quality product
- Tight radius bowl corners increase sink bowl capacity
- **Bottom grid included with most kitchen sink models**
- Straight clean bowl shapes, and sink bowl drain lines, complement the very popular commercial kitchen of today
- Optional accessories simplify meal preparation

We hope that you agree.

Vanity basin KSOV18U/7 shown.

Kindred Collection Vanity Basins

SMART AND STYLISH

No longer simply utilitarian spaces, bathrooms and powder rooms are now a canvas to create your personal statement in luxury and design. Kindred Collection stainless steel vanity basins satisfy with sanitary, robust and easy to maintain materials.

Choose from **undermount and topmount models**, in a variety of sizes and shapes. Stainless steel's chameleon like qualities mean a match to every decorating scheme, and a surface that is both easy to care for and hygienic.

KINDRED COLLECTION GRANITE

When stainless steel won't do may we recommend granite sinks for your kitchen. Molded of tough, hard wearing and easy-to-clean materials granite is a great alternative.

With its fashionable and contemporary lines our Kindred Mythos granite sinks are available in five fantastic colors. Don't be surprised when you open the box and find a stainless steel bottom grid packed right in with the sink, it's always included. For a completely coordinated look Kindred offers color matched faucets in all five granite colors ... simply stunning.

Kindred Granite Series

Evolution means constant change with a goal of improvement. Whether we're talking salamanders or sinks, to evolve means to change and adapt to new requirements, and to see benefit from those changes.

Kindred Granite models have evolved from first generation composite products to fourth generation leading edge designs and colors to Sanitized® silver materials.

Let us count the ways that Kindred Granite stands apart from the crowd ...

- Kindred Granite patented DuraKleen finish is smooth to the touch and easy to clean
- Kindred Granite is homogeneous
- Kindred Granite has a soft matte finish
- Kindred Granite boasts a tolerance for high temperatures up to 280 degrees Celsius
- Kindred Granite is colorfast
- Kindred Granite is scratch resistant
- Kindred Granite has superior thermal shock characteristics
- Kindred Granite feels warm to the touch and will insulate hot water
- Kindred Granite sinks are quiet
- Kindred Granite colors are available in color matched faucets and soap dispensers

Kindred Granite sinks ... an inspired idea that has come of age!

Kindred Granite Faucets & Soap Dispensers

A BEAUTIFUL ADDITION

Want to know what works well with a Kindred sink? A Kindred Faucet! All the popular finishes are available and while chrome may be considered the kitchen standard we go beyond ordinary to extraordinary with color matched granite faucets to complement your Kindred Granite sink.

It's important to know Kindred faucets have been machined from solid brass castings. Plastic moldings have been restricted to use where this technology is required. We believe that function comes first, not cost savings.

You've selected the sink; now add the **finest finishing touch** with Kindred faucets.

Design and Quality

The Kindred Steel Queen family has a long and proud history in the plumbing industry, where it is known for great value, easy to care for finishes, and sizes and shapes for virtually any room in your home. Choose from hand fabricated sinks with commercial finishes in Apron Front, Undermount and Dual Mount models; traditional Topmount and Undermount models with easy care finishes; and even accessorized sinks, all in great value 20 gauge stainless steel.

Durable by Any Standard

We realize that purchase of a Kindred Steel Queen sink is an important decision. Kindred includes all the essentials that you will need in every Kindred Steel Queen package, time saving installation hardware, factory applied rimseal, illustrated installation instructions, and a template for marking and cutting the countertop. And did we mention that Kindred Steel Queen sinks are **easy to install**. You don't need to be a master plumber to install our product.

Sink model QDLF2031/8 shown with KFPD1100 faucet, KSD1100 soap dispenser and MBZ16 cutting board.

Kindred Steel Queen Fabricated Kitchen Sinks

Every Steel Queen 20 gauge fabricated sink is created to exacting specifications, with tight corners, and robust commercial satin finishes on all surfaces. As with all Steel Queen products, we include waste fittings, sound dampening pads, undercoating, rim seal, installation hardware, template and illustrated installation instructions, to ensure that you have **everything you need.**

APRON FRONT

Steel Queen apron front sinks are available in single bowl and double bowl models, both of which are shipped complete with stainless steel bottom grids, right in the sink carton. A sweeping bow front is sure to stand out in your kitchen whether installed flush with the countertop, below it, or slightly elevated.

DUAL MOUNT

Born of innovative design, with an eye to versatility, Steel Queen dual mount models embrace contemporary design at a mid price point. Steel Queen dual mount models feature a remarkably flat deck to allow for installation as a topmount or below the counter as an undermount.

UNDERMOUNT

Great value, sleek zero radius bowl corners, and the most popular sizes for kitchen and island applications, all with creased bowl bottoms for efficient draining, and an easy to care for commercial finish.

Steel Queen 20 Gauge Hand Fabricated Undermount Sinks

EXAMPLARY DESIGN

The Kindred brand is well known for both innovation and **commitment to quality**, with solid product warranties and value added features - a reputation we have earned over our 70 years in the design and manufacture of sinks. Our engineers and production teams have been instrumental in leading our industry from its very infancy with intelligent design rendered in robust, top grade - traditions we are pleased to continue to this day!

And, as with everyone, value is important to us. We believe that value can be found in all product categories. From rear drains for more storage below the sink, to sound dampening and undercoating for a quiet sink, to included waste fittings and installation template and directions, value comes in many forms.

Our offering of hand fabricated 20 ga undermount sinks feature sleek, zero radius bowl corners, an easy commercial satin finish, creased bowl bottoms that are pitched to the drains for efficient drainage, and rear drains for more storage below. 20 ga handfab undermount sinks that speak to exemplary design and great value.

Kindred Steel Queen Topmount

A POPULAR CHOICE FOR VALUE AND VARIETY

Topmount sinks are a traditional and popular choice for kitchens. And the Kindred Steel Queen topmount models set the standard, in robust 20 gauge stainless steel, satin finished bowls with mirror finished rims. Select a single, double or combination model with 7" and 8" deep bowls to address wash up or food prep areas.

And that's not all. We also offer a whole host of optional accessories specifically engineered to make your sink do more for you every day, whether you are chopping, rinsing, defrosting, or draining dishes.

Steel Queen topmount sinks offer good value and a variety of size and bowl configurations, all backed with our standard **Kindred Lifetime Warranty**.

Kindred Steel Queen Undermount Sinks

VALUE AND DURABILITY

An undermount sink is a sparkling companion to a solid surface kitchen countertop. Steel Queen undermount models are available in single, double and combination models for kitchen, laundry and hospitality use.

Wherever you need a durable, dependable sink that keeps its shine year after year the Steel Queen Undermount delivers. This collection includes sink bowls in either **7 or 8 inch depth with a satin finish and decks done with a silk finish.**

All Steel Queen undermount models are shipped ready to install with everything you need including template and instructions – and of course the standard Kindred Lifetime Warranty.

Steel Queen Laundry/Hospitality Sinks

A SINK FOR EVERY SITUATION

Let's face it, life is messy. You know what we mean ... The dog needs a bath, garden grime has to be scrubbed off our hands, the dirty coveralls need somewhere to soak before washing. It's a big job and you need a sink that's up to the task.

Well, size matters and Kindred has it. Your laundry room or workshop is just the place for our Steel Queen Specialty Sinks – **big, deep (up to 10")**, some with an overflow, combination sinks, and 'workhorse' models. They're large enough to handle almost anything you throw at (or in) them, and stainless steel durability ensures they still look great at the end of the day.

KINDRED FAUCETS AND FITTINGS

A beautiful addition

We all agree a sink is an essential fixture in every home. In the kitchen it is the nerve center, an integral part of almost every task you do here. Make clean up a breeze with sink accessories such as Kindred Faucet and Soap Dispensers and Kindred Waste Disposers. Simple, sensible solutions.

Kindred offers **Chrome, Satin Nickel and beautiful Color Matched Granite faucets, and soap dispensers in the same finishes for a completely coordinated look.** Beauty and function – superb!

Why choose a Kindred Waste Disposer?

Just ask a plumber, and they will tell you that Kindred is one of the most trusted names in the industry for kitchen sinks, faucets, fittings, and accessories. For more than 60 years plumbing professionals have relied on Kindred for products with legendary performance. And you can too.

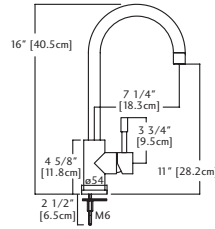

Kindred waste disposers continue that fine tradition of Kindred products that offer you superior performance in terms of **reliability, quality, and durability.** Every product that bears the Kindred name will give years of trouble free service, and simplify your life in the kitchen.

Kindred Waste Disposers range from apartment sized 1/3 H.P. models, right up to 1 1/4 H.P. models for big kitchen clean ups. Kindred Bio-Shield waste disposers feature a unique antimicrobial agent, permanently molded in the disposer to eliminate bacteria-caused odors, and Torque Master® balanced turntables and armatures in grinding system for less vibration.

Why choose a Kindred Waste Disposer? Because you can be sure that your life just became simpler.

KINDRED ACCESSORIES

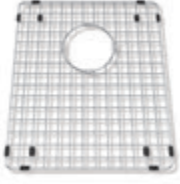

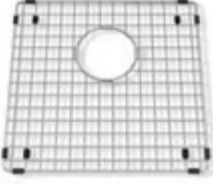

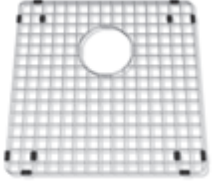

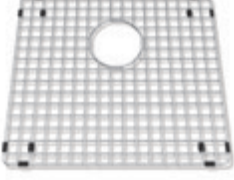

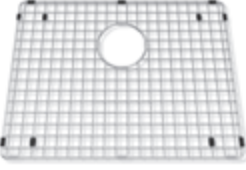

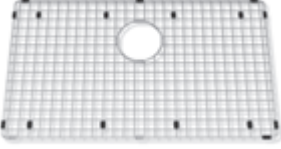

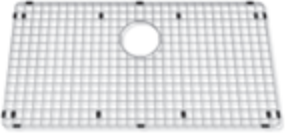

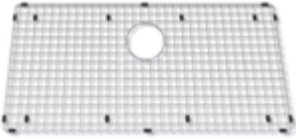

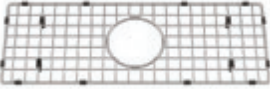

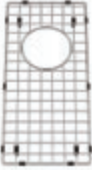

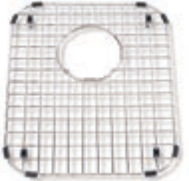

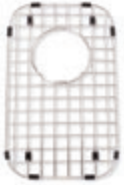

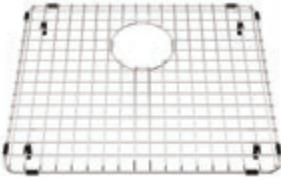

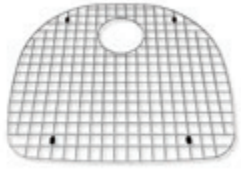

... they just make sense!

Sink accessories such as laminated maple cutting boards, ABS colanders, and stainless wire drainer baskets, and grids simplify the art of preparing a meal. Slice and dice, mince and rinse, drain and strain ... a big sink with room to move, and **sink accessories that are truly functional**, will please even the most temperamental chef. We like to think of Kindred accessories as kitchen helpers. And who couldn't use a little extra help in the kitchen?

STAINLESS STEEL FINISHES BY KINDRED

We recognize that the appearance and durability of a stainless steel sink is an important part of the sink selection process and overall purchase decision. And this decision will no doubt be influenced by the finish that we apply to the product.

While there are no industry-wide standards, there are some common product finishes offered by sink manufacturers today.

For example:

- We know that a smooth and bright finish will shed water, resist water spotting, and add sparkle to the kitchen. This is a good choice for a sink deck where appearance is important and “wear and tear” is minimal.
- We also know that a grain line or brush finish is a good choice for the sink bowl. This is where the work is done in the kitchen and where a sink must prove it’s mettle ... the sink bowl finish must be durable enough to stand up to whatever you can throw at it.

Kindred has polished and finished stainless steel sinks for over 60 years. That’s a lot of experience and a lot of satisfied customers. This ongoing, never-ending discussion with customers, has led to the development of the following Kindred product finishes:

#4 Commercial Finish - A uniform grain line finish applied to the entire surface of the product.

Silk Finish - A smooth and polished surface created with polishing brushes and polishing compounds.

Mirror Finish - A highly reflective and bright surface created with buffing wheels & compounds.

WARRANTY

RESIDENTIAL SINKS

Kindred brand Stainless Steel and Granite Sinks are guaranteed against defects in material or workmanship, for any normal domestic purpose for which they are intended, for as long as you own your sink.

ACCESSORIES

Kindred brand accessories including hardwood cutting boards, and stainless steel colanders and trays, and baskets and grids are guaranteed against defects in material, and to be suitable for any normal domestic purpose for which they are intended for a period of one year from date of purchase.

FAUCETS

Every Kindred brand (chrome plate or solid stainless) faucet is guaranteed to be suitable for any normal domestic purpose for which it is intended and without defects in material or workmanship for as long as the original purchaser owns their home, provided it has been installed and maintained according to Franke Kindred Canada Limited instructions. The only exception to this warranty shall be decorative faucet finish which shall be warranted for a period of two years from date of purchase.

WASTE DISPOSERS (See pages 68-69)

For more detailed information regarding all Kindred warranties please review the information at www.kindredcanada.com
